

1st DISTRICT STRATEGY AREA CHANGES

APPENDIX A

The updated 2004 Community Profile includes many of the strategy areas that were identified in the previous update, which was completed in 1997. However, there have been changes to the strategy areas due to changes in the 2000 Census. These changes are identified in the following matrix.

| Strategy Area | Census Tracts and Block Groups | | Explanation of Changes |
|----------------------|--|---|---|
| | 1997* Community Profile | 2004* Community Profile | |
| Avocado Heights | 4082.02/all: 1-3, 4083.01/all: 1-2 | 4082.02/all: 1-3, 4083.01/all: 1-2 | No changes. |
| Covina Islands | None included. | 4066.02/all: 4 | This is a new strategy area in the 1 st District. Due to redistricting, this strategy area moved from the 5 th District to the 1 st District. |
| East Azusa Islands | 4045.00/2,3 | 4045.02/1,3 | The boundaries for the strategy area changed due to the 2000 Census. Specifically, the 2000 Census split the 1990 Census Tract, 4045.00, into two separate Census Tracts, 4045.02 and 4045.01. Based on the new Census Data, only Census Tract 4045.02, Block Groups 1 and 3 are at least 51% low- and moderate- income and are included as part of the 2004 strategy area. |
| East Los Angeles IV | 5306.00/all: 1,2,4-6, 5308.00/all: 1-8, 5309.00/all: 1-6, 5310.00/all: 1-8, 5313.01/all: 1-3, 5313.02/all: 3-7 | 5306.01/all: 1-3, 5306.02/all: 1-2, 5308.01/all: 1-5, 5308.02/all: 1-3, 5309.01/all: 1-3, 5309.02/all: 1-3. 5310.00/all: 1-8, 5313.01/all: 1-3, 5313.02/all: 3-7 | In 2000, Census Tracts 5306.00, 5308.00, and 5309.00 were each split into two separate Census Tracts as identified in the column to the left. |
| East Los Angeles III | 5304.00/all: 2-4, 5305.00/all: 1-6, 5311.00/all: 1-6, 5312.01/all: 1,5, 5312.02/all: 2,3, 5315.01/all: 1-3,7, 5315.02/all: 3-6 | 5304.00/all: 2-4, 5305.00/all: 1-3, 5-6 5311.01/all: 1-4, 5311.02/all: 1-2, 5312.01/all: 1,5, 5312.02/all: 2,3, 5315.01/all: 1-3,7, 5315.02/all: 3-6 | In 2000, Census Tract 5311.00 was split into two separate Census Tracts as identified in the column to the left. Also, the Block Groups for Census Tract 5305.00 were renumbered. |

*Note: When a Census Tract is followed by the word “all,” this indicates that the selected Census Tract is included in its entirety. For example, Census Tract 4066.02/all: 4 for Covina Islands indicates that the entire Census Tract is included in the Strategy Area and that the Census Tract is made up of one Block Group, which is Block Group 4. If “all” is not indicated, then only the Block Groups of that Census Tract are included in the Strategy Area. For example, 4045.02/1,3 means that only Block Groups 1 and 3 of Census Tract 4045.02 are included in the Strategy Area.

| | Census Tracts and Block Groups | | |
|-------------------------|--|---|---|
| Strategy Area | 1997 Community Profile | 2004 Community Profile | Explanation of Changes |
| East Los Angeles II | 5302.02/5, 5303.00/all: 1-6, 5307.00/all: 1,2, 5316.01/all: 1-4, 5316.02/all: 1-3, 5317.01/all: 1,2, 5317.02/all: 1-4, 5318.00/all: 1-3, 5319.01/all: 4-7, 5319.02/all: 1-3 | 5302.02/all: 5-6, 5303.01/all: 1-2, 5303.02/all: 1-4, 5307.00/all: 1-2, 5316.03/all: 1-2, 5316.04/all: 1-2 5316.02/all: 1-3, 5317.01/all: 1-2, 5317.02/all: 1-4, 5318.00/all: 1-3, 5319.01/all: 4-7, 5319.02/all: 1-3, 5320.01/all: 1 | In 2000, Census Tract 5316.01 was split into two separate Census Tracts and renumbered as follows: 5316.03 and 5316.04. In addition, 5320.01/all: 1 was added to this strategy area for 2004 because the Census Tract is at least 51% low- and moderate- income. Also, Block Group 6 of Census Tract 5302.02 is now included because it also meets this threshold. |
| Graham | 5327.00/all: 1-3, 5330.00/all: 1-5, 5349.00/all: 1-4, 5353.00/all: 1-5 | None included. | In the 1997 Community Profile, the Florence and Graham areas were included as one strategy area, which was named "Graham." However, the 2000 Census renamed certain Census Tracts. Therefore, the 2004 Community Profile now includes Florence and Graham (Firestone) as two separate strategy areas. |
| Florence | None included. | 5327.00/all: 1-3, 5330.00/all: 1-4, 5349.00/all: 1-4 | |
| Graham (Firestone) | None included. | 5353.00/all: 1-5 | |
| North Claremont Islands | 4017.01/all: 4 | 4017.01/all: 2 | The only change is the renumbering of the Block Group from 4 to 2. |
| North Whittier | 5029.02/all: 1-3, 5030.00/3, 5031.02/2,4 | 5030.00/all: 1-3 | North Whittier now comprises only one Census Tract, 5030.00, because the other two Census Tracts, 5029.02 and 5031.02, were renamed "South Whittier." As such, Census Tract 5029.02 falls under a new strategy area named "South Whittier." Census Tract 5031.02 is not included as part of a strategy area because it is not at least 51% low- and moderate-income based on the 2000 Census. |
| South Whittier | None included. | 5029.02/all: 1-3 | |

*Note: When a Census Tract is followed by the word "all," this indicates that the selected Census Tract is included in its entirety. For example, Census Tract 4066.02/all: 4 for Covina Islands indicates that the entire Census Tract is included in the Strategy Area and that the Census Tract is made up of one Block Group, which is Block Group 4. If "all" is not indicated, then only the Block Groups of that Census Tract are included in the Strategy Area. For example, 4045.02/1,3 means that only Block Groups 1 and 3 of Census Tract 4045.02 are included in the Strategy Area.

| South San Jose Hills | 4081.32/all: 1,2, 4082.11/2,3 | 4081.32/2 | The 2004 Community Profile now only includes Census Tract 4081.32, Block Group 2 because the other Block Groups are no longer at least 51% low- and moderate- income based on the 2000 Census. In addition, Census Tract 4082.11, Block Groups 2 and 3 are now part of Rowland Heights. |
| Valinda | 4075.00/1,2,5 | 4075.00/2 | Only Block Group 2 is at least 51% low- and moderate- income and is included as part of the 2004 strategy area. |

Only Census Tract 4070.02, Block Group 2 is at least 51% low- and moderate- income and is included as part of the 2004 strategy area. In addition, Census Tract 4073.00 is not included as part of the 2004 strategy area because it is no longer meets this threshold. |
| West Whittier-Los Nietos | 5010.00/2, 5023.00/1,2 | 5010.00/2, 5023.01/5, 5023.02/all: 1 | For the 2004 Community Profile, Census Tract 5010.00, Block Group 2 continues to be included. However, Census Tract 5023.00 was split into two Census Tracts, 5023.01 and 5023.02. If “all” is not indicated, then only the Block Groups of that Census Tract are included in the Strategy Area. For example, 4045.02/1,3 means that only Block Groups 1 and 3 of Census Tract 4045.02 are included in the Strategy Area.

APPENDIX A

| | Census Tracts and Block Groups | | |
|------------------|--------------------------------|---------------------------|--|
| Strategy Area | 1997 Community Profile | 2004 Community Profile | Explanation of Changes |
| Whittier Narrows | 4340.00/all: 3,5 | 4340.02/all: 2-3 | The physical conditions of the area deteriorated since 1997. As such, this strategy area has changed from Investment Level II-Selective Investment to Investment Level III-Intensive Investment. In addition, the Census Tract and Block Groups were renumbered. However, this didn't affect the boundaries. |

*Note: When a Census Tract is followed by the word “all,” this indicates that the selected Census Tract is included in its entirety. For example, Census Tract 4066.02/all: 4 for Covina Islands indicates that the entire Census Tract is included in the Strategy Area and that the Census Tract is made up of one Block Group, which is Block Group 4. If “all” is not indicated, then only the Block Groups of that Census Tract are included in the Strategy Area. For example, 4045.02/1,3 means that only Block Groups 1 and 3 of Census Tract 4045.02 are included in the Strategy Area.

2nd DISTRICT STRATEGY AREA CHANGES

APPENDIX A

The updated 2004 Community Profile includes many of the strategy areas that were identified in the previous update, which was completed in 1997. However, there have been changes to the strategy areas due to changes in the 2000 Census. These changes are identified in the following matrix.

| | Census Tracts and Block Groups | | |
|---------------------------------|--|---|--|
| Strategy Area | 1997* Community Profile | 2004* Community Profile | Explanation of Changes |
| Alondra Park | 6037.01/all: 1 | 6025.01/all: 2-3, 6037.04/all: 1-3 | Inclusion of 6025.01/all: 2-3, which is at least 51% low- and moderate- income. The only other change was the renumbering of 6037.01 to 6037.04. |
| Athens-West Athens-Westmont IV | 6002.01/all: 1-3, 6003.01/all: 1-4 | 6002.01/all: 1-3, 6003.01/all: 1-4 | Only Athens-West Athens-Westmont II changed. The change includes the addition of Census Tract 6003.02 which is now at least 51% low- and moderate- income and the exclusion of Census Tract 6004.00, Block Group 2, which is no longer at least 51% low- and moderate- income. |
| Athens-West Athens-Westmont III | 6001.00/all: 1-3, 6002.02/all: 1-3 | 6001.00/all: 1-3, 6002.02/all: 1-3 | |
| Athens-West Athens-Westmont II | 6004.00/1,2, 6028.00/all: 1-5 | 6004.00/1, 6028.00/all: 1-5, 6003.02/all: 1-3 | |
| Del Aire | 6021.02/6 | None included. | Exclusion of 6021.02/6, which is no longer at least 51% low- and moderate- income. No other Census Tracts or Block Groups qualify based on 2000 Census, so Del Aire is not included as a 2004 strategy area. |
| East Compton III | 5421.02/all: 1-3 | 5421.02/all: 1-3 | No changes. |
| East Compton II | 5418.00/all: 2, 5420.00/1,2, & 5422.00/all: 1,2 | 5418.02/all: 2, 5420.00/all: 1-3, 5422.00/all: 1-3 | No changes, except renumbering of Block Groups by the U.S. Bureau in 2000. |
| Florence/Graham (Firestone) | Florence III* Florence II Florence IV Florence III* | Florence Graham (Firestone) Graham-Florence (Firestone) IV Graham-Florence (Firestone) III | Florence/Graham (Firestone) was previously named "Florence." However, in 2000, the U.S. Census Bureau renamed certain Census Tracts. The new names are reflected in the 2004 Community Profile column to the left. *Also, note that the 1997 Florence III strategy area was split into the Florence and Graham-Florence (Firestone) III strategy areas due to 2000 Census changes. |

*Note: When a Census Tract is followed by the word "all," this indicates that the selected Census Tract is included in its entirety. For example, Census Tract 5418.02/all: 2 for East Compton II indicates that the entire Census Tract is included in the Strategy Area and that the Census Tract is made up of one Block Group, which is Block Group 2. If "all" is not indicated, then only the Block Groups of that Census Tract are included in the Strategy Area. For example, 5412.00.00/4,7 means that only Block Groups 4 and 7 of Census Tract 5412.00 is included in the Strategy Area.

| Strategy Area | Census Tracts and Block Groups | | Explanation of Changes |
|-------------------------|---|--|--|
| | 1997 Community Profile | 2004 Community Profile | |
| Lennox | 6015.00/all: 1-4, 6016.00/all: 1-3, 6017.00/all: 1-4, 6018.00/all: 2-4 | 6015.01/all: 1-2, 6015.02/all: 1-2, 6016.00/all: 1-3, 6017.00/all: 1-4, 6018.01/all: 1-2, 6018.02/all: 1-2 | No changes, except, in 2000, the U.S. Census Bureau split Census Tract 6015.00 into the following two Census Tracts: 6015.01 and 6015.02. Also, in 2000, Census Tract 6018.00 was split into Census Tracts 6018.01 and 6018.02. |
| View Park/Windsor Hills | 2351.00/all: 1,5 | None included. | Exclusion of 2351.00/all: 1,5, which is no longer at least 51% low- and moderate- income. No other Census Tracts or Block Groups qualify based on 2000 Census, so View Park/Windsor Hills is not included as a 2004 strategy area. |
| West Carson | 5435.02/2 | None included. | Exclusion of 5435.02/2, which is no longer at least 51% low- and moderate- income. No other Census Tracts or Block Groups qualify based on 2000 Census, so West Carson is not included as a 2004 strategy area. |
| West Compton | 5411.00/all: 1-3, 5430.00/all: 1,4,5 | 5411.00/all: 1-3 | Exclusion of 5430.00/all: 1,4,5, which is no longer at least 51% low- and moderate- income. |
| Willowbrook IV | 5404.00/all: 1-2, 5406.00/all: 1-3, 5414.00/all: 1-5, 5414.00/all: 1-4 | 5404.00/all: 1-2, 5406.00/all: 1-3, 5414.00/all: 1-5, 5414.00/all: 1-4 | Only Willowbrook II changed. In the 1997 Community Profile, Willowbrook II included Census Tract 5412.00 in its entirety because the overall low- and moderate- income population for this Census Tract was 57.68%. However, based on the 2000 Census, the low- and moderate- income population for this Census Tract decreased to 47.85%. Therefore, the 2004 Community Profile only includes Census Tract 5412.00, Block Groups 4 and 7 because these two Block Groups meet the threshold to qualify as part of the strategy area. |
| Willowbrook III | 5407.00/all: 1-6 | 5407.00/all: 1-6 | |
| Willowbrook II | 5408.00/all: 1-5, 5409.01/all: 1-4, 5409.02/all: 1-3, 5412.00/all: 2-4,7 | 5408.00/all: 1-5, 5409.01/all: 1-4, 5409.02/all: 1-3, 5412.00/4,7 | |

*Note: When a Census Tract is followed by the word “all,” this indicates that the selected Census Tract is included in its entirety. For example, Census Tract 5418.02/all: 2 for East Compton II indicates that the entire Census Tract is included in the Strategy Area and that the Census Tract is made up of one Block Group, which is Block Group 2. If “all” is not indicated, then only the Block Groups of that Census Tract are included in the Strategy Area. For example, 5412.00.00/4,7 means that only Block Groups 4 and 7 of Census Tract 5412.00 is included in the Strategy Area.

4th DISTRICT STRATEGY AREA CHANGES

APPENDIX A

The updated 2004 Community Profile includes many of the strategy areas that were identified in the previous update, which was completed in 1997. However, there have been changes to the strategy areas due to changes in the 2000 Census. These changes are identified in the following matrix.

| Strategy Area | Census Tracts and Block Groups | | Explanation of Changes |
|--------------------------|--------------------------------|------------------------------|---|
| | 1997* Community Profile | 2004* Community Profile | |
| Cerritos/Norwalk Islands | 5546.00/all: 2 | None included. | Exclusion of 5546.00/all: 2, which is no longer at least 51% low- and moderate- income. No other Census Tracts or Block Groups qualify based on 2000 Census, so this strategy area is not included in the 2004 Community Profile. |
| Hacienda Heights | 4085.02/2 | None included. | Exclusion of 4085.02/2, which is no longer at least 51% low- and moderate- income. No other Census Tracts or Block Groups qualify based on 2000 Census, so this strategy area is not included in the 2004 Community Profile. |
| La Rambla | 6099.00/1 | None included. | Exclusion of 6099.00/1, which is no longer at least 51% low- and moderate- income. No other Census Tracts or Block Groups qualify based on 2000 Census, so this strategy area is not included in the 2004 Community Profile. |
| Northeast Whittier | 5003.00/1 | None included. | Exclusion of 5003.00/1, which is no longer at least 51% low- and moderate- income. No other Census Tracts or Block Groups qualify based on 2000 Census, so this strategy area is not included in the 2004 Community Profile. |
| Northwest Whittier | None included. | 5012.00/2 | This is a new strategy area for 2004 due to the Block Group now being at least 51% low- and moderate-income. In 1990, the Block Group was only 35.12% low- and moderate-income. |
| Rowland Heights | 4082.12/1, 4087.21/all: 1 | 4082.12/1, 4087.21/all: 1 | No changes. |

*Note: When a Census Tract is followed by the word “all,” this indicates that the selected Census Tract is included in its entirety. For example, Census Tract 4087.21/all: 1 for Rowland Heights indicates that the entire Census Tract is included in the Strategy Area and that the Census Tract is made up of one Block Group, which is Block Group 1. If “all” is not indicated, then only the Block Groups of that Census Tract are included in the Strategy Area. 4th DISTRICT STRATEGY AREA CHANGES

APPENDIX A

| Strategy Area | Census Tracts and Block Groups | | Explanation of Changes |
|-----------------------------|--------------------------------|------------------------|--|

| San Clemente/Santa Catalina | 5991.00/all: 1,2 | None included. | Exclusion of 5991.00/all: 1, 2, which is no longer at least 51% low- and moderate- income. No other Census Tracts or Block Groups qualify based on 2000 Census, so this strategy area is not included in the 2004 Community Profile. |

*Note: When a Census Tract is followed by the word “all,” this indicates that the selected Census Tract is included in its entirety. For example, Census Tract 4087.21/all: 1 for Rowland Heights indicates that the entire Census Tract is included in the Strategy Area and that the Census Tract is made up of one Block Group, which is Block Group 1. If “all” is not indicated, then only the Block Groups of that Census Tract are included in the Strategy Area. For example, 4082.12/1 means that only Block Group 1 of Census Tract 4082.12 is included in the Strategy Area.

5th DISTRICT STRATEGY AREA CHANGES

APPENDIX A

The updated 2004 Community Profile includes many of the strategy areas that were identified in the previous update, which was completed in 1997. However, there have been changes to the strategy areas due to changes in the 2000 Census. These changes are identified in the following matrix.

| Strategy Area | Census Tracts and Block Groups | | Explanation of Changes |
|-------------------------|---|----------------------------|---|
| | 1997* Community Profile | 2004* Community Profile | |

| Altadena I | 4613.00/2,4, 4615.00/all: 1,3 | 4613.00/4,5 | Only 4613.00/4 is still at least 51% low- and moderate income and is included. Also, 4613.00/5, is included because it is now at least 51% low- and moderate- income. |
| Castaic/Val Verde | 9201.02/2 | None included. | This strategy area was included in the 1997 Community Profile even though the area was not at least 51% low- and moderate- income. The strategy area is not included in the 2004 Community Profile because it still does not have Census Tracts or Block Groups that meet this threshold. |
| Charter Oak | 4037.21/4, 4038.02/2 | None included. | This strategy area was included in the 1997 Community Profile even though the area was not at least 51% low- and moderate- income. For example, Census Tract 9109.02/all: 1 for Littlerock-Pearblossom indicates that the entire Census Tract is included in the Strategy Area and that the Census Tract is made up of one Block Group, which is Block Group 1. If “all” is not indicated, then only the Block Groups of that Census Tract are included in the Strategy Area. For example, 4312.00/4 means that only Block Group 4 of Census Tract 4312.00 is included in the Strategy Area.

| Strategy Area | 1997 Community Profile | 2004 Community Profile | Explanation of Changes |
| East Antelope Valley I | 9001.00/1-3, 9002.00/all: 1,2, 9003.00/all: 1,2 | 9001.01/all: 1-6 | Only 9001.01 is at least 51% low- and moderate- income and is included in this strategy area, with the exception of 9003.00/1. Census Tract 9003.00/1 moved to East Antelope Valley II due to the physical conditions of the housing stock. Note that in 2000, the U.S. Census Bureau split Census Tract 9001.00 into the following two Census Tracts: 9001.01 and 9001.02. |
| East Pasadena | 4631.02/1 | 4631.02/2 | Exclusion of 4631.02/1, which is no longer at least 51% low- and moderate- income. Inclusion of 4631.02/2, which is now at least 51% low- and moderate- income. |
| Glendora Islands | 4039.01/all: 3,4 | None included. | Exclusion of 4039.01/all: 3,4, which is no longer at least 51% low- and moderate- income. No other Census Tracts or Block Groups qualify based on 2000 Census, so Glendora Islands is not included as a 2004 strategy area. |
| La Crescenta/Montrose | 3005.00/4 | None included. | Exclusion of 3005.00/4, which is no longer at least 51% low- and moderate- income. No other Census Tracts or Block Groups qualify based on 2000 Census, so La Crescenta/Montrose is not included as a 2004 strategy area. |
| Littlerock-Pearblossom | 9100.00/2,3,4,5,6, 9110.00/all: 1 | 9109.02/all: 1 | Inclusion of 9109.02/all: 1, which is at least 51% low- and moderate- income. The Census Tract/Block Groups identified in the 1997 no longer meet this threshold and are not included as part of the 2004 strategy area. |
| Monrovia-Arcadia-Duarte | 4311.00/all: 2,6, 4312.00/2,4,5 | 4312.00/4 | Only 4312.00/4 is at least 51% low- and moderate- income and is included as part of the 2004 strategy area. |
| Quartz Hill II | None included. | 9011.01/1 | Assignment of 9011.01/1 as Quartz Hill II as opposed to Quartz Hill I due to the physical conditions of the mobile homes that comprise this Block Group. |

*Note: When a Census Tract is followed by the word “all,” this indicates that the selected Census Tract is included in its entirety. For example, Census Tract 9109.02/all: 1 for Littlerock-Pearblossom indicates that the entire Census Tract is included in the Strategy Area and that the Census Tract is made up of one Block Group, which is Block Group 1. If “all” is not indicated, then only the Block Groups of that Census Tract are included in the Strategy Area. For example, 4312.00/4 means that only Block Group 4 of Census Tract 4312.00 is included in the Strategy Area.

| Strategy Area | 1997 Community Profile | 2004 Community Profile | Explanation of Changes |
| Quartz Hill I | 9009.00/2, 9011.00/4 | 9009.00/2 | 9009.00/2 continues to be included in the 2004 Community Profile as part of Quartz Hill I. However, in 2000, the U.S. Census Bureau split 9011.00 into the following two Census Tracts: 9011.01 and 9011.02. Only 9011.01/1 is at least 51% low- and moderate- income and is included as the Quartz Hill II strategy area because the field assessment determined that this area should be assigned Level II-Selective Investment rather than Level I Limited Investment. |
| South Antelope Valley III | 9102.00/3,4 | 9102.01/all: 2 | In 2000, the U.S. Census Bureau split Census Tract 9102.00 into the following two Census Tracts: 9102.01 and 9102.02. Only 9102.01 is at least 51% low- and moderate- income and is included as part of the 2004 strategy area. |
